

“Champion Realty Advisors played a critical role in Micron Industries Corporation’s recent corporate office move. Through Champion’s extensive market knowledge, strong relationships and extra-ordinary commitment to customer service, we were able to negotiate a historically low lease rate in a high quality Oak Brook office building. With Champion’s guidance, a lease package was put together that included multiple months of free rent, an extremely generous construction and decorating allowance, and a moving allowance. With the Champion Team as our partner, we were able to tilt the negotiating field in our favor.”

**Don Clark, President
Micron Industries**
