

“Champion will always come through for us. We often need space on short notice; sometimes we only have a few weeks to locate a new facility, negotiate a lease and take occupancy. It is these kinds of situations where we rely on Champion's industry contacts, knowledge of our business and their laser like focus to ensure we find the right solution for the lowest total occupancy costs. For these reasons, we continue to work with the Champion Team and have leased over 2,000,000 SF in the Chicago area in the last eight years.”

Gary Park
Regional Vice-President
OHL (Ozburn-Hessey Logistics)
